

Chapter 60 – Overhead/Crews

Overhead

Units will maintain a list of qualified personnel for assignments and keep their qualifications current in ROSS and/or the agency's system of record. Units will maintain a hard copy of personnel qualifications, to serve as a backup to ROSS.

If a request is required to be self-sufficient it means the resource will be able to provide for their own food, lodging and local transportation if needed.

Name Requests

Agency overhead can be name requested. The ordering unit will receive confirmation of availability, supervisor approval, and provide Unit ID.

OES Name Request Justification form is required for all local government overhead requests. Refer to the California Mobilization Guide, Appendix A.

Presuppression/suppression detail requests in ROSS, must be accompanied by a Preparedness/Detail Request form. Form will be submitted to the GACC. Refer to the California Mobilization Guide, Appendix A.

Specialized Overhead

All specialized overhead will be ordered through normal ordering process unless specified.

Archaeologists (ARCH) – All Agencies

Efforts should be made to incorporate archaeologists into the fire organization.

Federal - a list should be available at each Federal Unit of qualified archaeologists. Unit archaeologist should be pre identified.

CAL FIRE – all requests for archaeologists will placed to the appropriate GACC.

Cost Share Specialist – All Agencies

Cost Share incidents (multi-jurisdictional, unified command) may require special skills to develop a cost share agreement. When determined by the incident and the incident management team, Cost Share Technical Specialists can be ordered. In most cases, the expectation is to have a Cost Share Specialist representative from each agency having jurisdiction on the incident.

Federal - Cost Share Specialist orders will be coordinated with the appropriate federal incident business coordinator (listed below) to ensure resource assignments are commensurate with the complexity of the incident.

Agency	Contact	Office	Cell
BLM	Ann Marie Carlson	916-978-4446	916-496-0518
BIA	Julie White	916-978-6146	916-215-5653
FS	Yolie Thomas	707-562-8835	707-980-8956
FS	Patty Espinosa	707-562-8834	925-858-9504
FWS	Jessica Wade	916-978-6181	916-230-1730
NPS	Berkeley Yoshida	808-985-6100	510-604-1373

Once a Cost Share Specialist is ordered, that individual shall identify and order the necessary Cost Share Analyst position(s). Both the Cost Share Specialist and Analyst can be ordered as a Name Request.

Cost Share Specialists will be ordered as THSPs in ROSS. In special needs include "Cost Share Specialist".

Cost Share Analysts will be ordered as THSPs in ROSS. In special needs include "Cost Share Analyst".

CAL FIRE - Cost Share Specialists will be ordered as Cost Apportionment Technical Specialists (CATS).

Hired Equipment Technical Specialist (EQTS) – CAL FIRE

Assist the incident with contract administration and ensure contract compliance through technical fire contract inspection.

Human Resource Specialist (HRSP) – Federal

HRSPs are assigned to federal incidents when a federal IMT is assigned.

Incident Contract Project Equipment Inspector (ICPI) – FS

Assist the incident with contract administration and ensure contract compliance through technical fire contract inspection.

Name requests are appropriate.

Incident Meteorologist (IMET) – All Agencies

When an IMET is requested for an incident, the request will be created and placed to the appropriate GACC. The GACC will then request an IMET from the NWS National Fire Weather Operations Coordinator (NFWOC) at 1-877-323-IMET (4638). The NFWOC will advise the GACC of fill information. The GACC will advise the requesting Unit to edit the request to a "Name Request" with the fill information. The IMET will be mobilized by the appropriate GACC.

NOTE: All requests for IMETs must note in Special Needs, "authorizing a rental vehicle and computer support".

The following list designates which California GACC will status and dispatch personnel for the California Weather Forecasting Offices. ROSS status can be maintained as Available/Local.

North Ops		South Ops	
CA-EKAW	Eureka WFO	CA-HNXW	Hanford WFO
CA-STOW	Sacramento WFO	CA-LOXW	Los Angeles/Oxnard WFO
CA-MTRW	San Francisco/Monterey WFO	CA-SGXW	San Diego WFO
HI-HFOW	Honolulu WFO		
AS-PPOW	Pago Pago/American Samoa WFO		

Interagency Incident Business Advisors (IBA1/2) – Federal

IBAs provide oversight on administrative and financial activities and serve under the authority of the Agency Administrator, as per each agency's policy. Name requests are appropriate.

IBA orders will be coordinated with the appropriate federal incident business coordinator (listed below) to ensure resource assignments are commensurate with the complexity of the incident.

Agency	Contact	Office	Cell
BLM	Ann Marie Carlson	916-978-4446	916-496-0518
BIA	Julie White	916-978-6146	916-215-5653
FS	Yolie Thomas	707-562-8835	707-980-8956
FS	Patty Espinosa	707-562-8834	925-858-9504
FWS	Jessica Wade	916-978-6181	916-230-1730
NPS	Berkeley Yoshida	808-985-6100	510-604-1373

In some situations, IBA assignments are with an individual from the local Unit. Orders will be initiated by incident Unit, not the Incident Management Team.

Infrared Interpreters (IRIN) – All Agencies

All infrared flights, require an Infrared Interpreter be ordered.

All orders for IRIN will be placed with the GACC. The GACC will work with the California or National IR Coordinator.

For additional ordering information, refer to California Mobilization Guide, chapter 80.

Smokejumper (SMKJ) – All Agencies

Refer to California Mobilization Guide, chapter 80.

Training Specialist (TNSP) – All Agencies

The training specialist organizes and implements the incident's training program, by developing individual training plans and documenting individual trainee assignments.

All Agencies – A training specialist will be ordered, as part of an IMT activation. A TNSP may also be ordered on non-team incidents, at the discretion of the incident commander. Order through normal ordering process.

FS – Upon activation of a Type 1 or Type 2 IMT on a Forest Service incident, the GACC Training Officer, in concert with the host Forest, shall process a resource order requesting a minimum of 20 trainees. Forest Service will have first attempt to fill these requests.

Wildland Fire Safety Officer – Federal

When a federal agency activates an IMT, the GACC will notify the appropriate agency Wildland Fire Safety Officer. It is the responsibility of the Safety Officer to notify the affected Unit if there is an intended visit for the purpose of review or observation. Affected Units may initiate the request on their own. Each agency will set its own guidelines for protocols regarding such visits. Unless otherwise stipulated or agreed to, such visits should be of an informal nature to help foster positive safety attitudes within the incident environment. Informal reviews and observational visits do not require a formal entrance or exit meeting with agency administrators. Written documentation will be required if further formal action or follow-up is needed by the IMT, affected Unit or a higher management level. The Safety Officer will discuss the visit with the IMT and with appropriate members of the Agency Administrator's staff prior to departing.

Overhead Specialized Program

Logistics Accelerated Development – Federal

The Logistics Accelerated Development (LAD) program is a mentoring program designed to allow for the accelerated training and development of employees in the field of logistics.

The LAD Program Coordinator will maintain the roster of LAD trainees and their availability.

LAD Dispatching Procedures:

GACCs will notify the LAD Program Coordinator Sue Zahn, (w) 909-382-2786, or (c) 951-217-5146, when any Forest activates a Type I or II Incident Management Team.

The LAD Program Coordinator, in consultation with the incident Logistics Section Chief, will determine how many trainees may be utilized.

The LAD Program Coordinator will have the incident place “name request” orders for available LAD trainees.

Incident Management Teams (IMT)

All Incident Management Team Rosters and Rotations are located at the end of this chapter.

All Hazard Incident Management Teams – National Park Service

The National Park Service has All Hazard Incident Management Teams for national use. The purpose of the teams are to manage any incident except a wildland or prescribed fire.

These teams are ordered in ROSS as: Team, All Risk NPS.

The GACC will advise the Regional Contact listed below and then place the request to NICC.

Pacific West Region Contact: Regional Chief Ranger Scott Wanek, 540-999-3412 or cell 510-501-0459.

CAL FIRE Incident Management Teams – Type 1

CAL FIRE will maintain 6 statewide Type 1 All Hazard Incident Management Teams to direct large-scale complex emergency incidents. CAL FIRE IMTs are available year round for statewide response, with one team on call at any given time.

CA IMTs are ordered through the GACC. These teams are ordered in ROSS as: Team, Type 1 Long

California Federal Interagency Incident Management Teams – Type 1 and 2 – Federal

The California Federal Interagency Incident Management Teams (IMT) are managed by the California Wildfire Coordinating Group (CWCG), which consists of a representative from each agency with wildfire suppression responsibility. CWCG is responsible for selecting team members, monitoring and evaluating team performance, and providing for team member development.

CWCG will select and manage four Type 1 IMTs, as components of a national rotation established and maintained by NICC, through the National Mobilization Guide.

California can activate all four CA IMTs before going to the National Rotation. The four Type 1 teams are available for assignments to other geographic areas that utilize the Incident Command System for managing wildfires.

CWCG will also select and manage seven Type 2 IMTs. Type 2 IMTs may also be available for out of state mobilization. During Preparedness Levels 4 or 5, out of state mobilizations may be restricted to ensure adequate coverage within the state.

CWCG sponsored Type 1 and 2 teams may have the following team composition listed below. The California Incident Commanders have the flexibility to substitute the standard positions suggested below with other positions according to the team needs, as long as they stay within the standard numbers.

Short Team Configuration (Total of 10 positions)

1 ICT1
1 DPIC or ICT1(trainee)
2 OSC1
1 SOF1
1 PIO1
1 PSC1
1 LSC1
1 FSC1
1 AOBD

Long Team Configuration (Total of 27 positions)*

1 ASGS, 1 ATGS
1 SPUL, 1 FACL, 1 GSUL, 1 COML
1 SITL, 2 RESL, 1 FBAN
4 DIVS
1 TIME, 1 COMP, 1 PROC

*Long team includes the 10 positions from the Short team.

In addition to the 27 positions identified on the long team configuration, teams may have a maximum of seventeen (17) positions to be negotiated and concurred on by the Incident Commander and the Agency Administrator from the requesting Unit. As well, they may bring an additional six (6) trainee positions and six (6) S-420/520 command and general staff mentees. These positions are identified by the teams and not by receiving Unit. Unless notified otherwise, these trainees will be mobilized for incidents on Federal lands.

The GACC's will annually compile a rotation schedule for the teams to be included in the California Mobilization Guide.

NICC will be advised by the GACC as soon as the current Type 1 two-hour team is committed, to enable them to place an out-of-Region team in 24-hour rotation.

Teams will be mobilized through normal dispatch channels. GACC's will arrange transportation and advise each team member through their Dispatch Center. Trainees are an integral part of the team and will be included in transportation planning.

CA Federal IMTs are ordered through the GACC. These teams are ordered in ROSS as: Team, Type 1 Long; Team, Type 1 Short; Team, Type 2 Long; Team, Type 2 Short.

Reference the California Mobilization Guide, Appendix B, for the current California Federal Incident Management Team Operating Guidelines.

National Area Command Teams – All Agencies

Area Command (AC) is an organization established to ensure inter-incident coordination for Command, Planning, Logistical and Aircraft matters. AC will work closely with the Multi-Agency Coordination Group that establishes priorities for the GACC. AC will normally request their own support personnel to work within the Area Command organization.

There are four National Area Command Teams. AC Teams are comprised of 6 positions: Area Commander, Assistant Area Commander Planning, Assistant Area Commander Logistics, Area Command Aviation Coordinator and 2 trainees identified by the Area Commander.

All requests for National AC Teams will be placed through established ordering channels to NICC. AC is ordered in ROSS as: Team, Area Command.

CAL FIRE – The GACC may choose to order a National AC Team or assemble CAL FIRE personnel to form a California Area Command Team. AC is ordered in ROSS as: Team, Area Command.

National Incident Management Organization (NIMO) Team – Federal

Appropriate assignments for NIMO consideration include: Wildland fire, Long Duration Incidents or Mission Specific Assignments (regional and national special projects; require a completed Project Request Form on the NIMO Web site: <http://www.nifc.gov/nimo>, under the contact us tab). For details and trigger points for ordering NIMO, reference the National Mobilization Guide, chapter 60.

NIMO teams are ordered through the GACC. NIMO teams are ordered in ROSS as: Team, NIMO.

Non-IMT Teams**Burned Area Emergency Response Teams (BAER) – Federal**

BAER Teams are ordered to assist field units to plan for immediate post-wildland fire site stabilization. These teams address post incident needs, including: potential floods, mud and debris flows, watershed/municipal water supplies. It is the responsibility of the local Unit to select the number of team members and the skills needed by those team members.

FS – BAER team members are ordered in ROSS as individual overhead requests, as: BAES. In special needs, list type of skills needed and level of skill.

DOI – BAER team members are ordered in ROSS as individual overhead requests, as the approved agency-specific BAER mnemonic (as shown in ICQS/ROSS).

DOI maintains two (2) National BAER Teams to assist field units plan for immediate post wildland fire site stabilization. National BAER Teams are dispatched to only the most complex BAER incidents involving risks to human life and critical Federal assets. Potential floods, mud and debris flows, watershed/municipal water supplies, urban interface, and complex and multiple jurisdictions are the dispatch prioritization criteria issues factored into the mobilization decision.

Buying Unit Teams – Federal

The Buying Unit will normally be assigned to and located on the Unit, and report to a designated administrative staff based on location. Buying Unit Teams supplement the local Unit procurement and dispatching organizations during emergencies.

Buying Unit Teams will be ordered through the GACC. If unable to fill regionally, the GACC will place order through NICC for National Buying Unit Team. These teams are ordered in ROSS as: Team, Buying.

ECC Support Teams – CAL FIRE

ECC Support teams provide personnel qualified in ECC expanded functions for timely mobilization in support of Emergency Command Center operations. Reference CAL FIRE Handbook 7700, section 7758.

Dispatch procedure in CAL FIRE Handbook 8100, procedure 372.

There are a total of 10 teams statewide, with each Region fielding 5 teams. Normal configuration is Team Leader/EDSP, Deputy Team Leader/EDSP(t) or EDSD, 2 EDSDs, 2 EDRCs and 2 optional Trainee positions.

Teams will be on immediate call (one-hour getaway) for one week rotations.

Order in ROSS as: Team, ECC Support CA Only.

Fire Behavior Assessment Teams (FBAT) – Federal

The primary mission of FBAT is the collection of real-time fire behavior data on wildland and prescribed fire incidents. The data collected can be used to validate the effectiveness of fuels treatments, evaluate fire effects and calibrate fire behavior and emission modeling. The module consists of 5-8 fireline qualified personnel, led by overhead qualified at the strike team leader level or above. The team provides a fire behavior specialist who may be used to augment incident planning requirements as requested by fire managers.

The Team is located on the Tahoe and Stanislaus National Forest and can be mobilized by contacting the Team leads:

Carol Ewell.....	530-559-0070
Ali Reiner.....	530-559-4860

These teams are ordered in ROSS as individual overhead requests (based on needs of the ordering Unit).

Interagency Dispatch Teams – Federal

Dispatch teams provide personnel, qualified in Dispatch Center expanded functions, for timely mobilization in support of wildland incidents. There are 5 federal dispatch teams in California. Normal configuration is 2 EDSPs, 2 EDSDs, 2 EDRCs and up to 2 trainees.

Priority use of these teams is to support incidents in California. Out of state assignments will be approved by the GACC on a case by case basis.

Team rotation will be bi-weekly, effective at 0800 on alternating Mondays. If Monday is a holiday, rotation will occur at 0800 on Tuesday. The rotation schedule can be located at:

<http://gacc.nifc.gov/oncc/logistics/overhead/index.htm> and <http://gacc.nifc.gov/oscc/logistics/index.htm>. If a team is committed, another team will not automatically be available. The GACC may choose to contact the next up team leader to check availability.

Order in ROSS as: individual overhead, normally 2 EDSPs, 2 EDSDs, 2 EDRCs (plus trainees). Case by case configuration.

Medical Emergency Response Teams (MERT) – CAL FIRE

MERT is ordered when a significant commitment of California Department of Corrections and Rehabilitation (CDCR) inmate firefighters are assigned to an incident. A MERT is typically made up of three personnel consisting of a registered nurse and two medical technical assistants to provide medical assistance to inmate firefighters. The CDCR MERT personnel respond from the Susanville Training Center (LMU) and Sierra Training Center (TCU).

Order in ROSS as: MERT (California Only). Create and place a single overhead request for the team.

Wildland Fire Modules – Federal (FS and NPS)

The primary mission and priority for these modules is to provide skilled and mobile personnel to assist with prescribed fires in the areas of planning, fire behavior monitoring, ignition, and holding. Secondary priorities (in order) include support of prescribed burn unit preparation, assistance with fire effects plot work, and support of mechanical hazard fuel reduction projects. Some agency restrictions exist for fuels related work.

As a national interagency resource, the modules are available nationally throughout the fire season. Each module is comprised of a module leader, assistant leader, three to five module members, and a detailer during the primary burning season.

FS has Wildland Fire Modules on the Stanislaus NF, Klamath NF, Sequoia NF and Inyo NF.

NPS has Wildland Fire Modules on the Whiskeytown NRA.

These modules are ordered in ROSS as: Module, Wildland Fire.

CREWS**California Conservation Corps (CCC)**

CCC Support and Type 2 crews are available for assignments nationwide. Support crews can be utilized for a wide variety of incident support activities not requiring direct supervision such as traffic control, runners, equipment set-up, waste management, etc.

CCC Type 2 crews are fully equipped and the crew supervisors are federally qualified Crew Bosses.

CCC Type 2 crews will be available through their local Unit or through the CCC Duty Officer.

CCC has a centralized dispatch system for crews. All calls for crew assistance go directly to the CCC Duty Officer.

The CCC Duty Officer will secure the closest available crew(s) for the assignment.

For CCC Support crews, order in ROSS as: Crew, Camp

For CCC Type 2 crews, order in ROSS as: Crew, Type 2

When two or more CCC crews are ordered, the CCC may request an Agency Representative to assist the crews while on assignment. CCC crews can be ordered 24 hours per day but do not respond to incidents between 2200-0600 hours due to safety, driving and union concerns.

Unit and/or GACC:

Contact CCC Duty Officer 24 hour contact number at **916-599-1415** leave a message.

If no answer within 2 hours, call CCC Emergency Manager at 916-341-3103 or 916-531-2256 (cell).

If no answer within 2 hours, call CCC Operations Chief at 916-341-3135 or 916-531-4259 (cell).

CAL FIRE

Type 1

CAL FIRE fire crews are comprised of adult inmates or youth wards. CAL FIRE fire crews are not breakdown capable. These firefighters require custodial supervision during off shift periods, and are limited to incidents within the confines of California. Reciprocal agreements have been made with the State of Nevada, allowing these crews to respond to wildland fires threatening the State of California up to 25 air miles within the Nevada border. They are trained for wildland firefighting and, in some cases, for Urban Search and Rescue missions.

CAL FIRE may require that all CAL FIRE crews be ordered in Strike Team configuration when responding to incidents outside their home Unit.

The CAL FIRE crew will consist of 12-17 crew firefighters and one (1) Fire Captain. With adult inmate CAL FIRE crews, California Department of Corrections & Rehabilitation (CDCR) custodial personnel will accompany the crews to provide off shift supervision. For youth ward CAL FIRE crews, California Department of Juvenile Justice (DJJ) counselors will accompany the crews to provide off shift supervision. Custodial coverage will be arranged and dispatched by the sending CAL FIRE Camp. Technical Specialists Crews (THSC) will be ordered when the number of crews assigned to an incident reaches seven (7), and the fire is expected to actively burn into the next burning period. This number will remain flexible and responsible to special needs such as duration of incident, complexity of incident or custodial problems.

For logistical considerations CAL FIRE utilizes male, female and youth inmate crews and must be housed separately. The female crews are from Puerta La Cruz and Rainbow camps. The youth crew is from Pine Grove camp. In addition there also Los Angeles County male and female inmate crews that fall under the CDCR that are used statewide.

CAL FIRE crews are ordered in ROSS as: Crew, Type 1

If an Agency Representative has not been ordered, once the crews and custodial personnel are on the incident the senior custodial officer will request an order/request number for an Agency Representative through the Incident Commander. The senior custodial officer will notify his/her agency of the requirement for an Agency Representative and will take the responsibility for making direct contact with the individual to fill the order/request.

Federal

Annually, each Unit will provide their respective GACC a list of the crews administered by their Unit. All crews will consist of 20 members. When crews are mobilized to an incident, the minimum crew strength will be 18 members. When any combination of crews numbering four or more are committed to an incident out of State, an Interagency Resource Representative (IARR) may be assigned by the GACC.

NWCG Minimum Crew Standards for National Mobilization, reference the National Mobilization Guide, chapter 60.

Type 1 Hotshot

Hotshot Crews, and Smokejumper Crews meet the minimum National Type 1 Crew standards. Crew listing is available at http://www.fs.fed.us/fire/people/hotshots/IHC_index.html.

The GACC will coordinate all movement of these Crews. Units may commit their Type I Federal Crews to initial attack incidents in the Unit. Response to cooperator's requests for Assistance by Hire in the immediate vicinity of the Mutual Threat area can be initiated by the Units. Both above actions will be followed by immediate notification to the GACC of resource commitment.

When Type 1 federal crews are flown to an incident, it is prudent to follow up with their crew vehicles, when the home Unit or GACC can provide drivers. Sending GACC's have the responsibility to arrange for the mobilization and coordination of their transportation. Efforts will be coordinated with the home Unit and local GACC, as ordered overhead that are enroute to the same incident could benefit from the transportation. The home Unit will arrange for transportation to the incident for crew members not initially mobilized. This practice is not intended for crew or module members other than Type 1 Crews.

Ordered in ROSS as: Crew, Type 1

Smokejumpers

A 40 person Smokejumper crew is based at the Northern California Service Center in Redding. Smokejumpers can be utilized as a Type 1 Crew. Approximately 30% of the crew is Crew Boss rated and most Smokejumper supervisors hold Division Supervisor ratings. At least 50% of the Smokejumpers are qualified Class C Timber Fallers and the entire crew is trained in the use of cross-cut saws. Emergency medical care and rescue equipment can be delivered via paracargo. The Smokejumper unit maintains 2 basket litters rigged for paracargo delivery. Trauma kits with IV blood expanders, oxygen, splints and equipment to monitor vital signs are carried on the jumper aircraft.

To order as a Type 1 Crew, in ROSS, order as: Crew, Type 1

Type 2 Initial Attack Capable

Type 2 IA Crews can initial attack fires, be broken up into squads, and perform firing operations.

Ordered in ROSS as: Crew, Type 2 IA

Type 2 Regular

Regular Crews that do not meet the criteria of a Type 1 Crew as outlined in the ICS 420-1 Resource Designation List. Regular Crews are formed as needed. They are comprised of Unit employees normally assigned to various disciplines on the Unit. Regular Crews are Unit resources and are considered part of the national mobility concept. GACC's will coordinate movement of these crews.

Ordered in ROSS as: Crew, Type 2

Type 2 Organized

Organized Crews (OC) are emergency firefighting employees. Crew members must meet the same training and physical standards established for other Unit crews. Organized Crews are sponsored or contracted by various Units. Sponsoring Units are responsible for training, outfitting, mobilizing, and paying the crews. Organized Crews are Unit resources but are considered part of the national mobility concept. GACC's will coordinate movement of the crews.

Each handcrew will have the standard configuration for supervision as Regular Crews. This consists of a Unit Crew Supervisor and three Squad Bosses. These supervisory positions may be filled with agency personnel or Administratively Hired (AD) personnel who meet all the NWCG 310-1 and Forest Service standards for each position.

A Crew Representative may be assigned if the Crew Supervisor does not meet Crew Representative standards specified in Chapter 20 of FSH 5109.17 Wildland Fire Qualifications Guide. If an AD Crew Supervisor is used, a Crew Representative will be dispatched with the Organized Crew. A single Crew Representative may be assigned to one or more Organized Crews. The total makeup of the crew will meet National Standards of 20 people per crew.

Ordered in ROSS as: Crew, Type 2

Organized Kitchen and Camp**North GACC****South GACC**

SRF 2 10-12 person Camp Crews

SQF 2 10 person Camp Crews

Order in ROSS as: Crew, Camp

California Incident Management Teams and Rotation Schedule

California Federal Type 1 Incident Management Teams

1

Out-of-Region Rotation for Type 2 IMT

- Agreed to by California Type 2 Incident Commanders and/or Deputies and accepted by the CWCG Operations Committee.
- Once a team goes out-of-region, they will be unavailable for an out-of-region assignment until all teams receive an out of region assignment.
- When a team “On-Call/2 Hr” is not available due to being assigned; already had an out-of- region assignment; or is unavailable, the next team on the rotation moves up to “On-Call” position for the remainder of the current on-call period and all additional periods until their own on-call period has expired unless another team becomes available and is put back into rotation.
- GACC Intel will update” News and Notes” as soon as possible and keep rotation information consistent on both GACC websites.
- At the beginning of each calendar year, all team rotations will start over for out-of-region assignment(s).
- Out-of-GACC assignment(s) within California does not count as an out-of-region assignment.
- Any out-of-region assignment, including pre-positions greater than 72 hours from “date and time needed” to “time of release” will count as an out-of-region assignment.
- Both GACCs will have final decision on management of all IMT assignments and deviation from the rotation based on commitments, PL levels, specific NICC requests, unit commitments of Chief Officers, or other unforeseen factors.

In-Region Rotation for Type 2 IMT

- Once either California GACC has fully exhausted their Type 2 Team capability, they will place an order to the other California GACC who will utilize the regional rotation to fill the order.
- When a team “On-Call/2 Hr” is not available due to being assigned; already had an out-of- region assignment; or is unavailable, the next team on the rotation moves up to “On-Call” position for the remainder of the current on-call period and all additional periods until their own on-call period has expired unless another team becomes available and is put back into rotation.
- GACC Intel will update” News and Notes” as soon as possible and keep rotation information consistent on both GACC websites.
- Both GACCs will have final decision on management of all IMT assignments and deviation from the rotation based on commitments, PL levels, specific NICC requests, unit commitments of Chief Officers, or other unforeseen factors.
